RETURNED FROM KANSAS CITY.

Vande Thornhill returned last night from Kansas City, where he had been as the representative of Allen Academy in the great International Y. M. C. A. convention. The young man is enthusiastic over his trip and sensibly feels the inspiration of the great meeting in which he heard such men as John I. Mott, Secretary of State William J. Bryan, Bishop Hendricks of the Southern Methodist Church, and many other great men. That Allen Academy could be represented in this great convention was made possible by the generosity of Mr. and Mrs. W. R. Fairman of the Dixie Theatre, who gave a benefit performance to pay the expenses of the trip, and to which the people of the city responded liberally.

PAVING MATERIAL ARRIVED.

Eight carloads of gravel to be used in paving Main street arrived yesterday and last night and were unloaded today. The Eagle was informed today by Alderman Sam B. Wilson that the paving will not be done a block at a time as was thought, and as announced in The Eagle, but on the other hand, all the excavating, grading, etc., will be completed first, and then will follow the paving proper, which when once started will be continued until completed. After the street is graded and surfaced it will be rolled with a heavy steam roller and thoroughly packed, making a strong, firm foundation before the paving material is put on.
